

An abstract painting by Antonia Blanco. The composition is dominated by a large, dark red, textured shape that resembles a tree trunk or a large leaf, extending from the bottom center towards the middle. To its left, there are broad, sweeping strokes of yellow and green. Above the red shape, there are delicate, thin black lines forming the outlines of several flowers. The background is a mix of light green, yellow, and white, with some darker, more saturated areas of red and blue. The overall style is expressive and gestural, with visible brushstrokes and a rich, layered color palette.
